The Western Tobacco Journal says: Spear Bros., the well-known shippers of Aberdeen, O., received an average of \$17 on ten hogsheads sold on this market Wednesday. The highest price reached was \$19.50, and the lowest \$18.75. This was an excellent average and obtained at the Bodman House.

MESSIM. HISCHINGER & Co., say their business this year is decidedly better than it was last season, and that they have had no reason to complain of hard times. With entire confidence that 'there will be a brisk fall trade they have supplied themselves with a stock of clothing and piece goods that is much larger then they have usually received for the autumn esseon.

For Merchants to Read.

Let our local merchants "read, mark, learn and inwardly digest" this little incident which occurred in a neighboring city the other day says the Reading Times: Entering the store of a prosperous merchant, a gentleman, a stranger in town, expressed surprise at the busy scene that greeted him. He inquired of the proprietor how it was that he was getting more than his share of the business in these dull midsummer days. The merchant replied: "I attribute the excellent business I do every summer to just the tothings: First, I advertise bargains and keep my store before the pubgains and keep my store before the public; second when the public calls I satisfy it by fixeeping my advertised promises. It cost me \$6,000 to learn this lesson, and it has paid me at least \$25,000. During three successive summers during the hard years that followed 1873 I ran behind in the store on an average \$2,000 every year. I made up my mind that there was business to do and that I would do it. In the middle of the worst and duliest year that we had, when clerks were absent on their vacations and half the force in the store was idle, I started in and spent \$1,200 in advertising mid-aummer bargains, remmants, old stock and so on. Within a week my store was so full of business that I had to send for every clerk who was away and I added two extra clerks. That year, instead of a loss of \$2,000 in the summer, I made \$2,500, besides what I paid for advertising. I have kept it up ever since. That was the most expensive lesson I ever learned, but It was the most instructive and most renumerative. If I had to say the sart in business again, as poor as when I started, I would make it a rule to spend at least one-half of what my rent cost in advertising in home papers. I would not waste it in cheap meethods, but I would not spend it indiciously in the best and largest papers." gains and keep my store before the pub-lic; second when the public calls I satisfy

The Great Camp Meeting.

The Breat Camp Meeting commences in Dietrich's Park, this evening, at 7:39 p. n. Several "big guns" have arrived and are ready to fire the camp. The "lion of the blue grass" will roat to-night. Those wishing to purchase tick-ets for the entire ten days meeting can procure them at the gate for \$1. This will avoid all future annoyance. The managers sy to one and all, "Come, for all things are ready." The sweetest singers of Maysville have been engaged for this meeting.

Mischief is Wrought
by bad cooking, fough meats, late hours,
business worries, irregular livers, sour
dispositions, evil digestion and impure
blood. Much of this mischief can be
overcome by the use of Brown's Iron Bittera—the best tonic ever made. Mrs.
Emile Cravford, Reidsville, Ga., writes,
"After trying Brown's Iron Bitters we
are persuaded that it is all that it claims
to be—a good and reliable tonic."
